

How to export your contacts out of Zap:

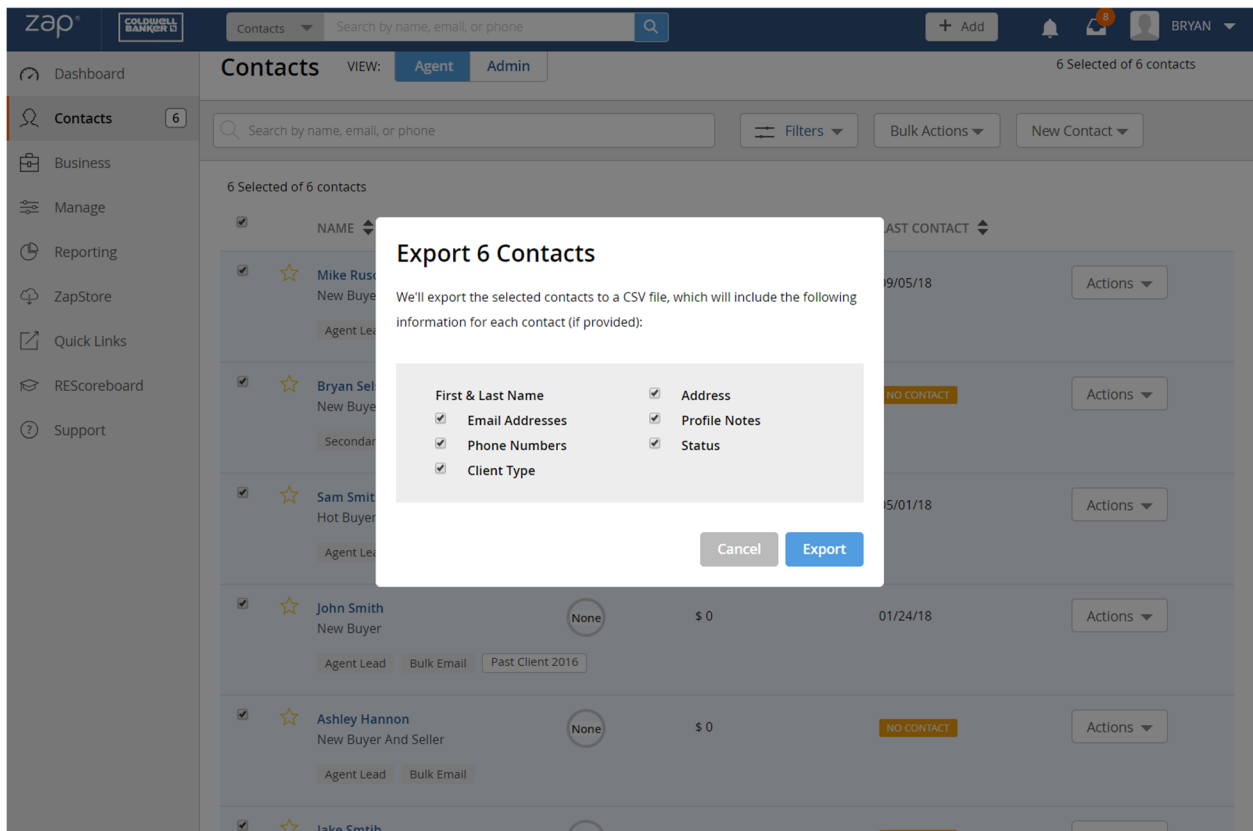

Step 1: Log into your Zap account and click on the “contacts” tab. (highlighted in screenshot below)

Step 2: Click on the check box at the top of the page (Circled in red in screenshot below) to select all of your contacts. Then click on the “bulk actions” drop down (Circled in blue in the screenshot below) and then click on “export”

Step 3: Go through and check the contact fields you want to export and then click on “export”

Step 4: You should then see it download at the bottom of the screen in an CSV (excel) file. (see circled in red in screenshot below)

That's it! You have now exported your contacts out of your Zap account.
